VOLUME XXXIII. NO 138

SEYMOUR, INDIANA, WEDNESDAY, APRIL 5, 1899.

PRICE TWO CENTS.

## Constant Coughing

Constant coughing is not only very annoying, but the continuous hacking and irritation will soon attack and injure the delicate lining of the throat and air passages. A simple cough is bad enough; but a chronic cough is really dangerous. Take advice and use the celebrated Dr. Bull's Cough Syrup at once and be cured.

## Dr. Bull's Cough Syrup

Cures a Cough or Cold at once. Doses are small and pleasant to take. Doctors recommend it. Price 25 cts. At all druggists.

For Catarrh of the Throat, Hay-Fever, Cold in the Head.

## CARTER H. HARRISON

Re-Elected Mayor of Chicago by a Total Vote of 146,914.

### ISSUE ENTIRELY LOCAL

No Element of National Politics Entering Into the Contest—Many Republicans Voted For Harrison Because of His Stand Against the Fifty Year Streetcar Franchise.

Chicago, April 5.—Carter H. Harrison was re-elected mayor of Chicago yesterday by a total vote of 146,914, against 107,804 for Zina R. Carter, the Republican candidate, and 45,401 for John P. Altgeld, the Independent Democratic candidate. Harrison's plurality, 39,610. In the last majority election Harrison was elected by a vote of 148,000, against 59,342 for Sears, the regular Republican nominee, and 69,357 for Harlan, the Independent Republican.

The Democrats have elected their candidates for the town offices in the north and west towns, the Republicans carrying the south town.

The vote from the wards show, as far as it has been counted, that the Republicans have elected 14 aldermen and the

Democrats nine. The city council has been composed of 45 Democrats and 23 Republicans, and the Democrats will without doubt retain a working majority.

The election was entirely upon local issues, no element of national politics entering into the campaign. The firm stand taken by Mayor Harrison against the proposed 50-year extension of the streetcar franchise was a strong element of his popularity and gained him many votes from the Republican party, besides holding closely to him many of the Democratic party who might have cast their votes for the Independent Democratic candidate. Another fact that drew to him many Republican votes was the existing opposition to the Republican machine among the rank and file of the Republican party. There was nothing against Mr. Carter, personally, but the fact that he was reputed to be the machine nominee was enough to set many against him. Several independent and Republican papers supported Mr. Harrison, among them The Times-Herald and The Post, which have been known as McKinley organs.

The election revealed some remarkable changes in the Republican vote, particularly in the strong Republican wards. In the Third ward, which has always been a Republican stronghold, Harrison received a majority of 51. In the last majority election this ward cast a total of 8,428 Republican votes divided between Sears, the regular Republican, and Harlan, the Independent Republican candidate, against 2,594 for Harrison.

The Fourth ward cast two years ago 3,967 Republican votes against 2,932 for Harrison. Yesterday Harrison carried it by a majority over Carter of 611.

IT ENDED HER TROUBLE.

"I never courted newspaper notoriety, yet I am not afraid to speak a good word for your 'Favorite Prescription' and 'Pleasant Pellets.' Over a year ago I suffered terribly for nearly four weeks with palpitations and weakness. After using one bottle of 'Favorite Prescription' and one of 'Pellets,' I was a well woman. I have taken no medicine since and have had no symptoms of my former trouble."—Mrs. E. A. Bender, Keene, Coshocton Co., Ohio.

Topoka, Kan., April 5.—The elections held throughout the state yesterday have been very quiet and partisan lines were not sharply drawn and local independent issues predominated. Specials to the capital from 50 small towns, while showing Republican victory in most cases, emphasize the condition stated. In Topoka the entire Republican ticket is elected by 2,000 majority and the proposition to vote bonds for an auditorium carried easily.

Smallpox Was an Issue. Laredo, Tex., April 5.—In the municipal elections yesterday A. M. Vidaurre, a progressive Mexican, was elected mayor. Mayor Christian headed the other ticket in the field. The issue was that the present city administration had not used sufficient vigor in the treatment of the smallpox epidemic.

Wheeler Re-Elected. Springfield, Ill., April 5.—Loren E. Wheeler (Rep.) was yesterday re-elected mayor by 127 plurality, over John M. Striffler, the Democratic nominee. The contest was a bitter one and several outbreaks occurred at the polls during the day.

Wisconsin. Milwaukee, April 5.—Municipal elections were held in nearly all the towns and cities in Wisconsin outside of Milwaukee yesterday. The Republicans lead in the number of victories, while in several towns the mayor and council are of a different complexion.

Hot Springs Election. Hot Springs, Ark., April 5.—George R. Belding, straight Democratic candidate, was elected mayor of Hot Springs yesterday. He was supported by the Williams faction, which clashed in deadly combat with the opposing forces on March 16 when five men were killed.

Huntsville, Ala. Huntsville, Ala., April 5.—The municipal election occurred here yesterday and Alderman Fred Moore defeated Hon. Jere Murphy, the present incumbent, for mayor by a majority of 250 votes.

Local Issues. Houston, Tex., April 5.—Municipal elections were held throughout the state yesterday. There were no general issues and only local questions were involved. Democrats generally had members of their own party to beat, and did it.

Lincoln, Neb. Lincoln, Neb., April 5.—H. J. Winnett (Rep.) was elected mayor of Lincoln yesterday by a majority of nearly 800 over A. H. Weir, fusion.

Quincy, Ill. Quincy, Ill., April 5.—The Democrats elected their city ticket by pluralities ranging from 100 to 1,000.

## SAMOAN DIFFICULTY

German and British Diplomats Confer at Washington.

Washington, April 5.—The German ambassador, Dr. Von Holleben, accompanied by Dr. Wilhelm Solf, the newly appointed president of the municipal council of Samoa, called at the British embassy yesterday, and had an agreeable meeting with the British ambassador, Sir Julian Pauncefote, and Mr. Elliott of the embassy staff. The visit was mainly social in character, but it served to bring about that better understanding in regard to Samoa, which all three powers are anxious to have take the place of the friction and disorder prevailing of late.

Later in the day Sir Julian called at the state department and had a talk with Secretary Hay. It was at once conjectured that the ambassador came to signify the formal acceptance of Great Britain to the plan of a high commission. But this was correct only in part.

While the British government has approved the general principle of a commission, yet the question of details as to the authority and power of the commission remain to be settled before the British acceptance of the concrete proposal is given. On the other hand the report coming from an unauthorized Berlin quarter that Great Britain had decided not to accept the commission plan is equally misleading. The status of the negotiations, as given in the highest official quarters, is that the principle of the commission is accepted by all three powers, including Great Britain, but that the British government withholds formal approval of the commission itself until all the details of its authority are determined.

The questions of detail still open are those relating to a majority decision by the commission, and as to the commission's power to alter or modify the Berlin treaty, and the constitutional system under which Samoa is being administered at present. The latter power, it is said, might determine the entire political future of Samoa, and before conferring it on a commission, the British authorities desire to have it well understood as to how far the future of the islands can be made a finality, binding on all three powers, by the commission.

### BEEF INQUIRY

Drs. Daly and Nicodemus Testify. Proposition From Miles.

Washington, April 5.—The army court of inquiry yesterday again heard Dr. Daly in regard to the character of beef furnished for the army during the late war. He reiterated his former statements, paid his respects to the war commission and declared that the refrigerator beef smelt like a cadaver after it had been embalmed.

Dr. Nicodemus of Philadelphia, who saw service in Porto Rico, corroborated this testimony, comparing the smell of

the beef to the odor about a dissecting room.

The day brought out a proposition from General Miles to supply the court the names of a large number of witnesses and that he had in February offered the official reports of 147 officers as testimony, but that the court had not indicated its acceptance of them. Major Lee's remarks in presenting this matter were as follows:

"The major general commanding the army, on Feb. 19, 1899, transmitted to the secretary of war original official reports of 147 officers representing 26 regiments and some 26,000 troops, called for by circular order from the headquarters of the army, Sept. 20, 1898. On Feb. 22, 1899, the major general commanding the army submitted with his letter to you of that date additional reports and originals of communications voluntarily sent to the headquarters of the army, arranged as per said letter of Feb. 22, 1899.

"I now offer as evidence in this case the reports of the 147 officers, transmitted, as aforesaid, to the secretary of war, and the additional reports of officers now in your custody. It need not be argued that the officers who made those reports made them upon their honor and in the discharge of their official duties, and that the same credence should be given to the statements made in the above reports as though their contents had been sworn to."

Hobart and Sherman. Washington, April 5.—Vice President Hobart is not progressing as satisfactorily as was hoped for and last night he was not as well as usual. A disagreeable cough is giving him the most annoyance and he is unable to throw it off. Ex-Secretary Sherman is gaining steadily and is able to sit up much of the time.

## BELGICA EXPEDITION

First to Winter South of the Antarctic Circle.

New York, April 5.—The Brooklyn Standard-Union prints the following copyrighted cable dispatch, dated Montevideo, April 4, signed by Dr. Frederick A. Cook, surgeon of the Belgica expedition:

"The Belgica arrived here this morning. All well. Our Antarctic voyage has been a complete success. Much new land in Weddell sea and open water to the far south discovered. Active volcanoes were also seen. I come home direct by early steamer. The Belgica will not return for another winter, as originally planned. We lost men by accident, but none by disease."

The last previous communication from the expedition was from Ushuaia, the southern port of Terra del Fuego, Dec. 30, 1897, stating that on the next day the steamer would sail for the unknown south. Originally the purpose was to return last fall and rest at Melbourne, Australia. Yesterday's dispatches make it certain that the Belgica party was the first to winter south of the Antarctic circle.

### Spanish War Pension Claims.

Washington, April 5.—The department of the interior has rendered a decision that a declaration for pension executed prior to the date when the right to pension accrued, is null and void. It was found that a large number of claims for disabilities incurred in the war with Spain were being executed before the claimants were mustered out of the service. All such claims for pensions are void.

### Bishop of Boise.

Norfolk, Va., April 5.—Rev. James Bowen Funcken, rector of Trinity M. E. church, Portsmouth, who was elected bishop of Boise, Ida., by the college of bishops in Washington last November, and declined the high honor, has reconsidered the matter and announced his acceptance of the bishopric. He will be consecrated by Bishop Randolph of the Southern diocese of Virginia on April 21.

Ute Reservation Open to Settlement. Washington, April 5.—The president has signed a proclamation opening to settlement on May 4 next the larger portion of the southern Ute reservation in Colorado.

## TELEGRAPHIC BREVITIES

Piesel Bros., candy manufacturers of Cleveland have made an assignment. Mayor Jones' plurality in Toledo was 18,310 and his majority over both the Democratic and Republican nominees was 10,017.

The executive committee of the Congress of Mothers has decided to hold next year's convention at Des Moines, Ia., early in April.

The steamer Chilkat, ensigned on leaving San Francisco harbor, there were six passengers and a crew of 13 aboard, 10 of whom were lost.

The United States attorney general has decided that intoxicating drinks can be sold at auction sections of post exchanges, but not by officers or enlisted men.

Professor Chittenden of Yale has completed his chemical analysis of the invoices of food for use in the Cuban campaign and will at once communicate his report to the authorities.

## HUNTING INSURGENTS

General MacArthur's Reconnoitering Forces Discover 1,000 of Them.

## SHOTS WERE EXCHANGED

But no Engagement Resulted—Two Montana Men Were Wounded—Belief Is Spreading That the Filipinos Will Soon Recognize That Aguinaldo's Bubble Has Burst.

Manila, April 5.—General MacArthur's reconnoitering force yesterday with the Montana regiment, Fourth cavalry and two guns of the light artillery, went as far as the river Malolos. The reconnoiter developed the fact that there are fully 1,000 rebels, armed with Mauser rifles, preparing for defense. Shots were exchanged and two of the Montana regiment were wounded, but there was no engagement. Later in the day General MacArthur moved northward, as the water supply of Malolos is inadequate.

The belief is spreading among the residents here that the effect of the capture of Malolos, the former rebel capital, followed by the proclamation of the United States Philippine commission, will be to convince the natives that Aguinaldo's bubble has burst.

Dr. Schurman, president of the commission, said: "The Filipinos have been asking us, 'What do you propose for us?' The proclamation answers the question and it should satisfy them." Colonel Charles Denby, a member of the commission and former minister to China, remarked: "It is the most important proclamation since the declaration of independence. Spanish, Tagalog and English versions have been printed, and it is proposed to circulate them about Malolos and at all the seaports. They will be sent to the lake towns by gunboats."

The committee of Spaniards, under the leadership of Senor Antonio Fuset, president of the Spanish club, has had little success with the expedition organized to deliver money and stores to the Spanish prisoners. The members of the expedition were obliged to give the goods to the Filipino officers at Batangas. The boat had a letter from Aguinaldo directing the Filipino officials to aid the mission, but General Trias, commanding the Filipino forces in the southern provinces and his subordinates declined to recognize Aguinaldo's authority. The Spaniards refused to accept the invitations to land, having been warned that they would be held for ransom.

Major Rafael Morales, the former Spanish governor of the island of Mindoro, was brought on board the ship for an interview. He was so weak that he fainted, and at parting, he said: "I shall never see you again."

The Filipinos thought the Red Cross flag was the American flag. A committee, whose members are of all the nationalities in Manila, headed by John McLeod, an Englishman, has been organized for the purpose of interviewing the Filipino leaders and petitioning for the release of the prisoners in the name of humanity.

## FILIPINO JUNTA

Issues Another Extraordinary Statement at Hong-Kong.

Hong-Kong, April 5.—The Filipino junta has issued another of the extraordinary statements which have been featured of the newspaper campaign directed from here by the agents of Aguinaldo. In the present instance the rebel agents claim to have obtained their "information" from American sources at Manila. They assert the existence of "mysterious intrigues" between the vatican, Major General Wesley Merritt, President McKinley, Major General Elwell S. Otis and Archbishop Ireland, "leading to the latter's journey to Rome." Continuing the Filipino statement says:

"The Paulist fathers' actions prior to the fall of Manila were suspicious. Now, in conjunction with Archbishop Nozaleda, who is intimate with General Otis, they are endeavoring to procure the former ascendancy of the church in the Philippines; hence they are sustaining General Otis, who, as a Catholic, has refused to obey the Washington orders and transfer the command of his force to General Lawton, because he wishes to remain in power and assist the church to recover its real estate. The Paulist policy is more subtle than that of the Jesuits, and, unless they are promptly recalled, they will work further mischief. The Philippines are valuable hunting ground for the church, hence the titanic efforts to maintain its supremacy."

### Opposed to Chicago.

New York, April 5.—Ernest Seward, secretary of the Manhattan Supply company, has appointed a committee to take steps to make a protest to the secretary of the interior against the transfer of bids for Indian supplies from New York to Chicago. This action grew out of a meeting of merchants interested in the Indian contracts, over which Mr. Seward presided.

### Second Illinois.

Savannah, April 5.—Four companies of the Second Illinois volunteers arrived here on the Ward line steamer Vigilance from Dry Tortugas quarantine yesterday and started for Augusta, where the regiment is camped.

### Trouble Among the Indians.

Los Angeles, April 5.—Indian Agent Wright on the Yuma reservation has telegraphed United States Marshal Osborn that there is trouble among the Indians. The marshal will go to the reservation to investigate.

## WARREN F. LELAND

Proprietor of the Windsor Hotel, Which Burned Recently, Is Dead. New York, April 5.—Warren F. Leland, proprietor of the Windsor hotel, which was destroyed by fire on March 17, died late yesterday afternoon at the hotel Grenelle. Mr. Leland's death followed an operation for appendicitis performed on Friday last.

Mr. Leland had apparently been in good health up to Thursday last, notwithstanding the amount of work he

WARREN F. LELAND.

had to do in connection with the burning of his hotel and the grief he felt at the loss of his wife and daughter, who were among the victims of the fire. On that day he began to complain, and, as his illness was evidently serious, a consultation of physicians was held on Friday, and it was deemed advisable to perform an operation.

After the operation the patient's condition was satisfactory, but he had a relapse on the following day and a second relapse yesterday. During the afternoon he began to sink rapidly and he died within two hours. At the bedside when the end came was Mr. Leland's son, Charles Leland of Chicago, his physician and nurses.

## DISSOLVED

Cuban Military Assembly Goes Out of Business.

Havana, April 5.—The Cuban military assembly yesterday afternoon voted to disband the army and to dissolve. The voting was 21 in favor against one opposed.

The muster rolls were left in the possession of the executive committee of the assembly, who will facilitate the preparation of copies for Governor General Brooke.

Monignor Santander, bishop of Havana, at the suggestion of Governor General Brooke, has removed a priest in Cabezas parish, province of Matanzas. This request is the first intervention by the military administration in ecclesiastical affairs. Major General Wilson, military governor of the department of Matanzas, wrote to headquarters that the priest in question was a "drunken, worthless, dirty old scoundrel;" that he had pastured his horse in the cemetery and let the consecrated enclosure go to weeds, and that if the bishop did not remove him he (General Wilson) would eject him on his own responsibility.

## UNSOLDIERLY CONDUCT

Charged Against Officers of the Fourth Tennessee Regiment.

Nashville, Tenn., April 5.—Charges have been filed against Colonel LeRoy Brown, Major W. C. Tatum and Dr. Epler of the Fourth Tennessee regiment, lately returned from Cuba, by Captain West H. Morton of the same company. It is alleged that Colonel Brown was guilty of unsoldierly conduct toward his men and appropriated for his own use mess furniture, the property of soldiers, forced soldiers to do menial duty and used profane language on various unnecessary occasions.

Major Tatum is accused of using profane language and he is also charged with having deliberately fired on more than one occasion into crowds of Cubans in Trinidad, wounding several children.

### Illinois Regiments Ordered Home.

Washington, April 5.—The Ninth and Fourth Illinois regiments have been ordered home from Cuba. Both of these regiments are from the southern part of Illinois. The Ninth, which is under the command of Colonel Campbell of McLeansboro, who resigned from command to accept the command, will leave Cuba tomorrow on the Dixie. The Fourth sailed yesterday on the Yarmouth.

### Pingree's Appointment Vetted.

Detroit, April 5.—Mayor Maybury last night vetoed the resolution of the common council appointing Governor Pingree and two other citizens commissioners to purchase and operate the street railroads of Detroit for the city. The mayor insists that he favors municipal ownership, but he alleges that the act empowering the council to appoint this commission is void.

### Eighteen Horses Cremated.

Hopkinsville, Ky., April 5.—O'Brien & Schmidt's large livery stable, in the heart of the city, burned last night. Eighteen horses including valuable blooded stock, and the noted stallion, Bachelor, perished. Loss, \$8,000; insurance, \$3,000.

## BEER FLOWED FREELY

Hobos, Geese and Dogs on a Drunk at New Albany.

New Albany, Ind., April 5.—Several hundred barrels of beer were poured into the street in front of the Indiana brewery here. Frank Serm, the Louisville brewer, recently purchased the plant and decided to throw away all the beer on hand and begin making a new brew of his own. It was noised about that the beer was to be poured out and a horde of thirsty beer drinkers, mostly of the bummer class, were present with cans, pails and tin cups, and when the foaming liquid came pouring into the gutter there was a wild scramble. For an hour the gutter ran full of beer and the "can rishers" were in their element and were soon in a joyous mood. Several dogs and a flock of geese in the neighborhood who drank the amber fluid also felt the effect of it, and plain showed they were under its influence.

## Spotted Fever.

Jolietville, Ind., April 5.—There are three well-defined cases of spotted fever here. One death has already occurred, and the others are in an alarming condition. Quarantine measures have been adopted.

DAILY.

One Year in Advance \$1.00

WEEKLY.

One Year in Advance \$1.00

Entered at the Seymour, Indiana, Postoffice as Second-Class Matter.

WEDNESDAY, APRIL 5, 1899.

A few weeks ago Indianapolis thought the street car question was settled, but apparently adjustment of conflicting opinions and interest is yet some distance in the future.

CARTER H. HARRISON was re-elected mayor of Chicago Tuesday by nearly 40,000 plurality. Probably the Inter-Ocean will now be able to understand the force and influence of its style of opposition.

The work of Attorney General M. M. Pett, of Ohio, against the unlawful operations of trusts in his state is very commendable. If he keeps up the good work he will earn a promotion to the governorship.

The proclamation of the United States to the Philippines should at once appeal to the intelligence of the insurgent leaders and prompt them to cease their attempts to carry on war. The proclamation represents the purposes of the United States which purposes are humane and will be carried out.

Trusts organized to control prices are most injurious to legitimate business, and should be condemned on every hand and prosecuted whenever they violate the law. Especially should the republican press of the country speak out against the trust evil, for if this evil is ever corrected it must be by the republican party, the only party in the United States that does things. It is easy for the populist party to complain and for the democrat party to promise, but work to be done must be committed to the republican party.

A Dozen Ducks.

O. H. Montgomery and J. B. Shepard have returned from a two days' duck hunt down the river with twelve ducks of different varieties and one crane. They generously remembered their friends as long as they had ducks left. The only incident on the trip out of the ordinary was the alarm and disturbance caused by Shepard's boisterous slumbering where they stayed Monday night.

Be Patient.

It is not necessary to grow impatient because you have not been told the real purpose of the real estate options on Cincinnati avenue. If the men back of it do not have unwarranted obstacles thrown in their way, the result will be a decided advantage and benefit to Seymour. The public will know all about it at the proper time, so just be patient.

### SPRAYTOWN.

Miss Mollie Roberts is staying in the family of W. W. Alexander.

Several of the boys from here attended church at Taylor's chapel Sunday.

Wm. Dunn was repairing bridges last week which was very badly needed as some were very dangerous.

Keep your eye on this column; from all appearances and rumors there will be a wedding before another moon.

Oscar Scott starts for Clear Spring, Monday to attend the Spring Normal conducted by Prof. J. W. Browning.

Several of the farmers made their regular weekly trip to Seymour to do their trading and other business of importance.

Miss Daisy Coffman, of Paragould Ark., who has been visiting friends and relatives here for some time returned to her home last Wednesday.

Quite a number from here were summoned on the jury for the Lutes-Cross trial which was held before 'Squire' Moisinger Tuesday and Wednesday.

Miss Anna Slater has been sick for some time. Wm. Brown is also under the doctor's care. Mrs. Wm. Lamper's condition remains about the same.

We had the pleasure of meeting S. P. Kinsey, of Paoli, last Tuesday in Seymour. It will be remembered that he was a former resident of this community.

James Judd has the contract for building a large barn for Wm. Rhoades south of Cortland. The frame is already raised and the work will soon be completed.

The Sunday school began on a new quarter last Sunday with seemingly better interest than for some time. Attendance last Sunday 34, collection 28 cents.

The Literary Society was organized last Wednesday night with the following officers: President, Orville Williams; Vice Pres., Wm. Graf; Sec. and Treas., Oscar Scott; assistant, Miss Gertie Weekly. The meetings are to be held Saturday night of each week. The question for debate next Saturday night is—"Resolved, that the Confederate Soldiers Deserve to be Pensioned." All are invited to attend.

### A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my abode above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles of it has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at W. F. Peters Drug Store. Regular size 50c and \$1.00 Guaranteed or price refunded.

Full stock of spring millinery goods on hand, which we will be pleased to show the ladies.

The question is being discussed by the people here as regards the law on railroads having the right to go through a graveyard even though they have the consent of those that have their dead to be moved from off the right-of-way. Will the editor please give us the law as he understands it. [The last legislature passed a law on this subject but since that has not yet been published we are unable to give an intelligent answer at this time.—Ed.]

### A BROKEN PANE OF GLASS.

One That Once Cost Citizen George Francis Train \$60,000.

A broken window pane once cost George Francis Train more than \$60,000. It was this way: Citizen Train, "with the brains of 20 men in his head, all pulling different ways," went to Omaha in the spring of 1864. At that time he was the most talked of man in America. He had not a thing but money. He bought 5,000 city lots, and altogether spent several hundred thousand dollars. He boarded at the Herndon House, the best hotel in sight. The quixotic Train was regular in only one thing—his habits. He always occupied the same seat at the table. One morning a pane of glass was broken out of a window directly behind his chair. He protested and was advised to change his seat. He would not. Instead he paid a servant 10 cents a minute to stand between him and the draft. After breakfast he expostulated with the landlord, but received no satisfaction. "Never mind," said Train. "In 60 days I will build a hotel that will ruin your business."

And he did. The contract was let that day. Scores of men were put to work. The site selected was Ninth and Harney streets, near the Missouri river. Citizen Train went to New York and engaged Colonel Cozzens, a noted caterer of that city, as manager for his hotel. The building alone cost \$40,000. The furnishings cost \$20,000. In the basement was a gas plant—the only one west of St. Louis. The work was done on time, and true to his word, 60 days after he threatened the manager of the Herndon House George Francis Train, citizen of the earth, opened his hotel, which he called the Cozzens House. The grand opening ball was attended by the governor of Nebraska and his staff, the mayor of Omaha and many notables from other states. The house was a blaze of glory and a scene of almost oriental magnificence. Just when the big reception was well on there was a sudden flash, a strange noise, and then—total darkness! The gas plant had collapsed.

The Cozzens House did a flourishing business for a year or two and the Herndon House was badly crippled. Finally Train fell out with his manager and the place was closed.

After the business part of Omaha moved back from the river the Herndon House declined and finally relapsed into a state of innocuous desuetude. A few years later it became the property of the Union Pacific railroad and is still used as the headquarters of that company in Omaha.

Dr. H. H. Hibbard, a St. Louis dentist, was the first clerk of the Cozzens House.

Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A large trial will be mailed for 10 cents, trial for 50 cents. All druggists keep it. Ely Brothers, 56 Warren Street, New York.

## How Mrs. Pinkham HELPED MRS. GOODEN.

[LETTER TO MRS. PINKHAM NO. 12,733]

"I am very grateful to you for your kindness and the interest you have taken in me, and truly believe your medicines and advice are worth more to a woman than all the doctors in the world. For years I had female troubles and did nothing for them. Of course I became no better and finally broke down entirely. My troubles began with inflammation and hemorrhages from the kidneys, then inflammation, congestion and falling of the womb and inflammation of ovaries.

"I underwent local treatment every day for some time; then after nearly two months the doctor gave me permission to go back to work. I went back, but in less than a week was compelled to give up and go to bed. On breaking down the second time, I decided to let doctors and their medicine alone and try your remedies. Before the first bottle was gone I felt the effects of it. Three bottles of Lydia E. Pinkham's Vegetable Compound and a package of her Sanative Wash did me more good than all the doctors' treatments and medicine.

"The first remark that greets me now is 'How much better you look!' and you may be sure I never hesitate to tell the cause of my health."—MRS. E. J. GOODEN, ACKLEY, IA.

## IN ANNUAL SESSION

North Indiana Methodist Conference Meeting at Decatur.

## AN IMPORTANT DECISION

It Affects Township Trustees Principally—Goes to Prison For Perjury. Evangelical Insurance Company Forming—Pensions to Veterans and Widows—Other Indiana News.

Decatur, Ind., April 5.—The North Indiana Methodist conference began its annual meeting here yesterday with Bishop Edward G. Andrews presiding and a large number of ministers present. Last evening the anniversary of the church extension society was celebrated, an address being delivered by the Rev. H. G. Jackson.

Rev. F. G. Brown, assistant editor of The Western Christian Advocate, also delivered an address. He is one of the best known ministers of the conference and is quite a pulpit orator. He once had charges in Logansport, Fort Wayne, Jonesboro and Huntington.

### IMPORTANT DECISION

It Is of Interest to Township Trustees of the State.

Brookville, Ind., April 5.—A decision by Judge Givan of Dearborn county that is of interest to township trustees has just been rendered. Suit was brought against John P. Secrest, trustee of Laurel township, Franklin county, in September, 1897, for failure to publish an itemized report of receipts and expenditures. The case was argued before Judge Swift here, who failed to decide the case for two terms. A petition was then filed for another trial judge, and Judge Swift appointed Judge Givan, before whom a rehearing was had in January last. His decision, which has just been rendered, imposes a fine of \$100, in accordance with the law of 1895. Eleven other trustees in Franklin county likewise failed to publish full reports that year, and also in 1898. This is the first successful attempt in the state to enforce the law, although there have been many violations.

### PRATHER ACQUITTED

Jury Finds He Is Not Guilty of the Charge of Embezzlement.

Indianapolis, April 5.—The jury in the case of Benjamin Prather, charged with embezzling \$3,500 from the Commercial Travelers' Mutual Accident association, last evening brought in a verdict of acquittal. Prather contended that he had dealt honestly with the association and had used the funds in paying legitimate expenses in connection with his duties.

## Teachers' Outing.

The city schools will close at noon Thursday until Monday and the entire corps of teachers will leave in the afternoon at 3:17 over the Southern Indiana and Big Four for Shelbyville to attend the Southern Indiana Teachers' Association. During their absence the janitors will be in complete charge of educational affairs in the city, of course working under the direction of the school board.

## Stolen Goods Found.

The goods stolen from Charles Kaufman's grocery store a few days ago have been found in Frank Price's barn east of town. Who put them there is yet unknown.

## About Spring Medicine.

The habit of taking spring medicine is a result of two causes. One is that the change from cold weather to warm has a depressing effect on the nervous system. The activity inspired by the cold, changes to lassitude.

Added to this is the fact that we eat more in winter than in summer, yet we exercise less. The digestion becomes affected and the over-worked liver becomes clogged.

Try Dr. Shoop's Restorative this spring and note how different its effects are from blood medicines. Note how much better it makes you, and how lasting its results are. How it revives the nervous system—the chief cause of spring languor. It will prove to you the difference between right treatment and wrong treatment in a manner which will never be forgotten.

When you have occasion to consult your physician bring the prescription to us and it will have the most careful attention. Medicine delivered if you wish it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby
